I- Baza-Education Activities 2016-2017 sponsored by GSI

Baza Education officially opened classes on Wednesday February 1st, 2017 in its localities in Togo. The successful tutors' orientation and training sessions have been held on Saturday January 28th, 2017. We chose our new students in exam classes based on the report card of 2015. We also had the assistance of teachers who provided us with the list of students in need both academically and financially in 2017.

A special attention has been given to the students who are in exam classes and preparing for state examinations.

The local committee distributed school supplies to our students.

During the year our tutors had taught every Saturday for 5 hours and every Wednesday afternoon for 2 hours. They also provided one on one tutoring and coaching with the students that had been identified as falling behind in their academics.

Our classes were closed right before state exam on July 11, 2017 and the results of the exam were in at the end of August 2017. The money provided by GSI was used to pay for the tutors, coordinators, and schools supplies for ten villages.

II- Other supports that were provided to the students

- 1- School kits: With the money provided by GSI, we gave out school kits, uniforms, shoes and other basics necessities, school supplies, uniforms, shoes and more.
- 2- This year, during the summer, our students had the chance to learn some crafting such as adding pretty beads to a shoe or a bag and small wood mask. Now, they can make some money on their own on the village market days. We used some of the GSI's money to pay the craft instructors. Please see attached images of the products that our students made during their classes.
- 3- We have 5 High School graduates from our programs that will be our new tutors next year. They will be giving back to a program that had helped them all this years.

- 4- This year we have signed a partnership with a charitable organization” Hope Commission International Inc.” represented by Ms. Donna Crowe from Maryland that is actually living in Togo. Hope Commission International Inc works in spiritual development and schooling of destitute children, improving the lives of children in orphanages and all other aspects affecting destitute children in order to help them have a more fulfilled life. They visited almost our twenty one villages in 2017. They give out school supplies and tough life lessons to our children. We are preparing them to be honest workers, self-starters, to be true to themselves, to aim for an ideal, to fight corruption and to help each other.
